

Australia's Magician of the Mind

Timothy Hyde

**Intelligent and astounding
entertainment for
corporate events**

His business is secrets

With a client list that reads like a business Who's Who, Timothy Hyde is one of Australia's busiest corporate entertainers.

"Outstanding!"

**Mark Paterson, CEO, Australian Chamber of
Commerce & Industry**

You've heard of sleight of hand? Well this is sleight of mind!

You will be astounded as he uses body language, intuition, persuasion and the irresistible foibles of human behaviour to take your audience on an hilarious interactive journey of impossibilities.

**Psychological
illusions and
sophisticated
comedy that
will not be
forgotten!**

He knows what you're
thinking ...

He knows when you're
telling a lie ...

He knows how you're
going to react!

"Nothing short of brilliant!"

**Lindsay Partridge, CEO,
Austral Bricks**

You, your guests and your clients will be masterfully entertained and engaged with a fast paced, hassle-free, easily staged performance of Mind Magic.

Your audience will star in the show!

Your event will be remembered and talked about as something special.

You will be confident that you have booked a polished, clean and sophisticated act that will make **you** and **your company** look good, without offending anybody.

“You certainly exceeded my expectations and were the talk of the conference next day!”

Michael Burleigh, MD, Linbrook International
